

7 Wonders of Our World

If I asked you what the 7 Wonders of the World are, what would you say? Some answers I have received from colleagues and friends include:

- ➡ Egyptian Pyramids
- ➡ The Great Barrier Reef
- ➡ The Grand Canyon
- ➡ Taj Mahal
- ➡ St. Peter's Basilica
- ➡ The Panthenon
- ➡ Niagara Falls

All of the above mentioned are beautiful and amazing in their own right. Is there something even more 'wonderful and amazing?' Are there certain gifts we have that we take for granted every single day.

Having a younger brother with a malignant brain tumour whilst I was growing up certainly made me realise all the things we take for granted. It made me realise how fragile we are, and that our time on earth is short. To me, the 7 Natural Wonders of Our World are:

1. To see
2. To hear
3. To smell
4. To talk
5. To taste
6. To touch and feel
7. To love

The most precious things in life cannot be built by hand or bought with money. The most precious things in life are the many things we take for granted every day. If you have all or most of your '7 Wonders' in place give thanks and be grateful. In life, it is not about what happens to you that makes the difference: it is about how you respond to what happens to you.

Learn to enjoy the 'Wonders of your World' and may your life be far more beautiful than all the amazing natural and man made wonders. Enjoy!
